In a show of support for OMT, Sage Publishing has generously agreed to a continuing sponsorship of the Distinguished Scholar Award breakfast at the Academy meetings. We want to thank Sage Publishing on behalf of all members of OMT.

Kiren Shoman, a publisher with Sage, attended the breakfast and expressed the firm's support for OMT and looked forward to working with us in the future. Royston Greenwood facilitated the sponsorship and praised the firm's efforts. "Sage Publications was very enthusiastic about this sponsorship and wanted to make it a continuing one. They are quite aware of the many authors and consumers of Sage publications from OMT and happy to show their appreciation." This support is a significant portion of the section's budget for Academy activities and allows OMT to do even more for you in the future.
